Each treatment session begins with an assessment, measurement, body fat analyzer, followed by the ageLoc Galvanic Body Spa treatment to target the ultimate sources of aging while diminishing the appearance of fat and cellulite and smoothing skin to provide a slimmer, more toned appearance. You can expect the following results:

- Minimize and smooth the appearance of fat and cellulite for a slimmer, contoured appearance.
- Evens the appearance of dimples areas.
- Improves appearance of skin's firmness for a more youthful look.
- Strengthens the extracellulite matrix (ECM) of the skin to help build and maintain healthy looking skin
- Reducing the visible signs of aging.

Best results seen in 8-12 treatments. Must apply the ageLoc Dermatic Effects Body Contouring Lotion twice daily, morning and night.
